## AirTalk 3000 XD Flex USB-Splitting

Light binaural headset for the ATC area

- flexible microphone arm
- Noise Cancelling Microphone
- splitting
- Acoustic-Shock-Protection
- Coolmax® ear cushions for higher wearing comfort
- high wearing comfort with optional spacer-distance-clip
- available with PTT-13 or PTT-19

### Technical data

#### Additional Data

Weight: 72 g  
Temperature range: -20 C to + 70 C

#### Microphone

Frequency range: 200 Hz - 12 kHz  
Pattern: electret

Directional: noise cancelling  
Impedance: 2200 Ohm  
Sensitivity: -47 dB V / Pa, 1 kHz

#### Additional data

System requirement: USB 2.0, or later, Windows XP,7,8.1,10, Linux Kernel 2.6, or later  
**Speaker**

Pattern: dynamic  
Impedance: 600 Ohm at 1 mW / 1 kHz  
Sound pressure level: 91 dB 1 mW / 1 kHz  
Frequency range: 200 Hz - 10 kHz
